## OUR NEWS

### DEMO & INFO DAYS

Two of our pilot use cases, Common Agricultural Policy monitoring and Satellite journalism, have successfully conducted their demo & info days, showcasing the application of their innovative solutions. We look forward to the upcoming months, as we prepare to present the remaining pilot use cases to a wider audience.

### 4th PLENARY MEETING

The 4th Plenary Meeting of CALLISTO took place on May 9th-10th in Bonn, Germany, at the HQ of Deutsche Welle. During this 2-day event, partners had the chance to present their overall work and discuss upon the last six months of the project.
